

*You are invited!*

Come and experience a taste of high school at QCHS.

Each workshop is designed to provide a new experience in learning for you - a mini-enrichment experience.

Come and make friends with students from other schools in the area.

Meet and get to know some of our friendly and highly trained staff.

Give your taste buds a workout with a free lunch and snacks each day from Mrs. French's Café.

**Registration Fee: \$60.00**

### Morning Session (choose one)

#### Technical Studies 1

Students participating in this year's QCHS Tech Shop mini enrichment program will have the opportunity to build a beautiful wall mounted clock. Using a variety of tools and machinery, students will cut, joint, route, bore, and assemble the necessary parts to this handsome clock. Safety is our first priority. All work will be highly supervised.

#### Drama

Through an interactive set of drama games and improvisations students will create and build a short performance exploring the idea of hope. Everyone should wear loose clothing that permits free movement.

#### Phys Ed

God gave us the incredible gift of our bodies. Students in this session will celebrate this amazing gift through a variety of interactive games, introductions to sports and movement exercises. Comfortable clothing and proper footwear are important for all participants. Be forewarned - sweating, laughter and fun may be involved in this activity!

Note: We are planning to offer separate physical education workshops for girls and boys.

### Afternoon Sessions (choose one)

#### Technical Studies 2

This session is a repeat of the Group 1 morning session.

#### Computer Studies

We invite students to flex their creative and technical muscles in our state of the art computer lab. Students will learn some graphic design, digital photo manipulation and web design while producing a show at home project.

#### Visual Art

This session will allow students to explore the possibilities of clay. We will be making functional containers by hand building and also have the opportunity to use the potter's wheel.

There are two sessions per day:

The morning session: 9:00 AM - 11:42 AM

The afternoon session: 12:33 PM - 3:10 PM

For **each session**, select only one of the workshops.

The workshops are 3-day workshops.

Tech studies: students choose Group 1 or Group 2, not both

Complimentary lunch & snacks will be provided on both days.

	<p><b>Register soon</b></p> <p><b>Spaces are limited</b></p>

### Parent Participation

Parents of student participants are invited to join us from 2-3pm on Friday, February 26, 2010.

Visit the different workshops and experience a taste of your student's mini-enrichment experience.

Join us for coffee and cookies from Mrs. French's Café.

*Come and see why  
our students tell  
us again and again  
how much they  
enjoy coming to  
school.*
